

Charity – BLS supports BREMER ENGEL!

First Kakadu flea market. The association, Kakadu e.V. runs a day-care center in Bremen Schwachhausen. Christin Schneider, whose son goes to this facility, had a wonderful idea: she suggested organizing a children's flea market, the 1st Kakadu flea market. The parents sold everything to do with the child and also offered the visitors a small program – musical accompaniment, a bratwurst stand and a cake buffet. The delicacies for the buffet were brought by the partners and sold to benefit the BREMER ENGEL. With success: a total of EUR 860,77 was raised. Christopher Schneider and his business partner Thomas Küch – both managing director of BLS Bremer Logistic Service GmbH – even doubled the amount. All together handed over a symbolic donation check for EUR 1.721,54 to the mobile ENGEL nurse Beate Tinnemeyer. Many thanks for the great support and the great commitment of everyone involved!
